Town of Rotterdam SUPERVISORS OFFICE

ROUTE 146 (HAMBURG STREET) SAFETY IMPROVEMENT PROJECT
UTILITY WORK TO START APRIL 3, 2017
PIN 1085.33

Starting April 3rd, National Grid gas and electric will begin utility work along Route 146 (Hamburg Street) between the Curry Road roundabout and Second Street.

This work includes the installation of a new gas line and the replacement of utility poles along Hamburg Street. This work is expected to be completed by the end of the 2017.

All homes and businesses in the area will continue to be accessible during construction. Trash pickup as well as other services will continue to be provided.

Work is scheduled to take place during daytime hours.

Emergency service providers and other local officials have been notified of the upcoming work.

If you have further questions, please contact the NYSDOT Regional Utilities Engineer or NYSDOT Project Manager:
