

TOWN OF ROTTERDAM YARD WASTE PICK-UP

Starting April 2, 2018 until the first snow fall all brush, leaves and grass clippings must be bundled, put in compostable paper bags or placed in **covered** containers no larger than 32 gallons and no heavier than 40 pounds. Brush must be cut no longer than 4 feet in length and 3 inches in diameter. The brush must be bundled and placed at the curblin.

We do not keep a schedule for the brush pick up like we do with lawn and leaf bags. We ask that when you have a brush pile that needs to be picked up that you contact the Highway Department at 518-355-7722. We will do our best to get to your home within a week of notification.

Christmas tree pick up will again be December 27th thru January 31st, weather permitting.

Thank you
Larry Lamora
Rotterdam Highway Superintendent
