

REQUEST FOR QUALIFICATIONS (RFQ)

LOCAL WATERFRONT REVITALIZATION PROGRAM

IMPLEMENTATION PROJECT

TOWN of ROTTERDAM, NEW YORK

DUE: 2:00 PM, LOCAL TIME FEBRUARY 10, 2023

Responses must be submitted as a PDF via email to:

Offices of the Town Clerk

For questions about this RFQ, please contact Peter Comenzo at (518) 355-7575 X-338 or

pcomenzo@rotterdamny.org

A. INTRODUCTION

The Town of Rotterdam is requesting qualifications from consultants to assist in the design, permitting, preparation of bid documents, and to provide limited construction phase services for Kiwanis International Park Waterfront Access Improvements utilizing Implementation Grant Funding from the NYS Department of State (DOS) Local Waterfront Revitalization Program (LWRP).

B. PROJECT LOCATION

The site is located at the existing Kiwanis International Park on the Mohawk River near Rotterdam Junction.

PROJECT DESCRIPTION

This project will rehabilitate the existing boat launch at Kiwanis Park, upgrading the facility to improve safety and usability with a new dock and shoreline improvements as well as adding an accessible kayak launch facility located on the Erie Canal and Empire State Trail.

The Town seeks a NYS licensed engineering and landscape architecture consulting firm to develop design and construction documents, and to provide construction oversight of the select improvements by a combination of construction contractor, Town DPW forces and/or volunteer organizations.

PROJECT ORGANIZATION

The Town Board, along with select Town Departments, will provide direction to the Consultant, and will act as a primary decision-making body for the Project. The Consultant will also work closely with project staff from the Department of State.

C. SCOPE OF WORK

The consultant must comply with all terms and conditions of the Town’s contract with the New York State Department of State (NYS DOS) for this work (C1002040). The consultant will complete the tasks outlined in the attached Work Plan for the improvements (task numbers coincide with the work program contained in the NYSDOS contract). In addition to the listed public meetings, the consultant should anticipate attending monthly meetings with the Town Board, as necessary.

BUDGET

The budget for design, permitting, and construction administration services is \$40,000. The Town is looking for the consultant who has the most relevant experience, experience working with the Town of Rotterdam, experience working with NYSDOS and can provide the best value to the Town. The Town reserves the right to authorize all or part of the services requested in this RFQ.

D. QUALIFICATIONS SUBMISSION

Applicants shall submit one (1) digital copy of their qualifications via email by **2:00 pm, local time on February 10, 2023**. If submission file size is excessively large, applicants may submit an email with a link that allows for the download of the submission. It is the responsibility of the applicant to make

sure this submission is transmitted and received by the Town. Any submission received via email after the deadline time will be not be accepted. Submissions shall be submitted via email to the following:

Office of the Town Clerk
Town of Rotterdam
Diane Marco

dmarco@rotterdamny.org

E. QUESTION & ANSWER PERIOD

Questions regarding this RFQ must be submitted in writing via email to pcomenzo@rotterdamny.org no later than 5:00 pm, local time on January 31, 2023.

Submissions shall include the following:

1. Documentation on the firm, including qualifications to perform the services indicated in the scope of work and familiarity with the issues facing the Town.
2. A project schedule that demonstrates the project can be completed by December 2024.
3. Samples of work demonstrating the ability to complete the type of work as required in the Scope of Work. Name, phone number and email address of client contact.
4. A description of each staff member who will be involved with this project and a description of their role in the project. This description should identify the person that would be designated as the day-to-day Project Manager.
5. Minority and/or Women-Owned Business Enterprises (M/WBE) Requirements:
 - a. Pursuant to NYS Executive Law Article 15-A and 5NYCRR Parts 142-144, for the purposes of this procurement, the NYS Department of State establishes an overall goal of 30% for M/WBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). These percentages are drawn from the grant award of \$225,000, or 75-percent of the project. Therefore, for this consultant contract, it is assumed the M/WBE participation will be \$67,500. For the purposes of meeting these participation goals, please identify whether the M/WBE will be the consultant, sub-consultant, or through a combination.

F. REVIEW PROCESS

Incomplete submissions that do not address all of the requested components and meet the minimum qualifications standards will not be accepted for review and consideration. The qualification submissions shall be evaluated as follows:

1. The Town Board shall assemble a Review Committee.
2. Each committee person shall review the qualification statement of each firm and rate them using the following criteria:
 - a. Familiarity of the firm with the Town of Rotterdam;
 - b. Experience of the firm with assignments of similar scope, size and complexity;
 - c. Special knowledge relevant to project, including geographic area;

- d. Quality and completeness of the response;
 - e. Technical approach;
 - f. Creativity including innovation and added value;
 - g. Qualifications of the project team;
 - h. Extent of participation by MBE/WBE firms; and
 - i. References.
3. The Committee shall meet and rank the firms from the most qualified to the least qualified. Issues and concerns raised during the ranking process will be discussed and firms will be contacted to clarify any questions or issues (if needed).
 4. The Committee may then (if desired) invite the most qualified firm for a brief presentation and interview. Following satisfactory responses to any outstanding concerns and New York State Department of State approval, the most qualified firm will be notified of their selection.
 5. After approval, the Town shall enter into negotiations with the number one ranked firm to finalize the project scope of services, project approach and project fee. Once the scope of services has been finalized, then the consultant shall present a detailed fee schedule. If the fee is not acceptable, the scope of services shall be revised/renegotiated. Changes in the proposed scope of services are subject to review and approval by the New York State Department of State.
 6. If the Town and the Consultant cannot reach an agreement on the scope of services and/or fee, then the Town reserves the right to terminate negotiations and initiate negotiations with the second ranked firm.

The following schedule identifies the anticipated submission/award schedule:

Issuance of RFQ: Approved to Issue January 11, 2023 Town Board Meeting

Qualifications Due Date: February 10, 2023

Recommendation to Town Board and DOS: February 2023

Contract Award: March 2023

G. PROJECT ATTRIBUTION AND NUMBER OF COPIES

The Consultant must ensure that all materials printed, constructed, and/or produced acknowledge the contributions of the Department of State to the project. All final and public facing materials must include the Department of State logo and the following acknowledgment:

"This [document, report, map, etc] was prepared with funding provided by the New York State Department of State under Title 11 of the Environmental Protection Fund. "

The contributions of the Department must also be acknowledged in community press releases and other notices issued for the project, including web site postings and other forms of digital distribution. Project press releases and other notices shall be submitted to the Department for review and approval prior to release, to ensure appropriate attribution.

A complete list of tasks is available in the attached Appendix 1: Department of State Attachment C – Work Plan.

ATTACHMENT C - WORK PLAN

Design and Construction of Kiwanis International Park Waterfront Access Improvements

1. Project Description

The Town of Rotterdam will design and construct waterfront access improvements at Kiwanis International Park on the Mohawk River. Improvements include the installation of a kayak launch, floating docks, a bulkhead along the shoreline, and landscaping. These improvements will expand water-dependent activities and promote public access to the Town's waterfront.

The Town of Rotterdam will procure contractors for the design, construction management and construction of the boat launch facility at Kiwanis International Park. The renovated boat launch facility and shoreline improvements will enhance the park creating a significant access point for fishing, kayaking and boating. The Town will provide a cash match towards the design and construction costs associated with rehabilitating the boat launch facility.

2. Project Attribution and Number of Copies

The Contractor must ensure that all materials printed, constructed, and/or produced acknowledge the contributions of the Department to the project. All final and public facing materials must include the Department of State logo and the following acknowledgment:

"This [document, report, map, etc.] was prepared with funding provided by the New York State Department of State under Title 11 of the Environmental Protection Fund."

The contributions of the Department must also be acknowledged in community press releases and other notices issued for the project, including web site postings and other forms of digital distribution. Project press releases and other notices shall be submitted to the Department for review and approval prior to release, to ensure appropriate attribution.

Unless otherwise specified in the Work Plan tasks, the Contractor must submit all required products in the following formats:

- Draft products: one digital copy of each product must be submitted in Microsoft Word and Adobe® Acrobat® Portable Document Format (PDF), created using 300 dpi scanning resolution.
- Final products: one electronic copy of each product must be submitted in Microsoft Word, PDF (20 MB maximum), created using 300 dpi scanning resolution. In addition, one paper copy of each final product (including reports, designs, maps, drawings, and plans) must be submitted.
- Electronic data for all Geographic Information System-based mapping products and associated spatial data must be submitted in either ArcGIS format, or similar product acceptable to the Department, and comply with the requirements for Contract GIS Products. Formal metadata must be provided with all digital GIS data which includes, at

minimum, a file summary/abstract, intended use, data, source data, and author information.

- Electronic data for all designs, drawings, and plans must be submitted in the original software that they were created (such as CAD format or other similar product acceptable to the Department), as well as in JPG format.
- Photographs and images must be submitted in JPG format with a minimum resolution of 300 dpi must be dated and captioned with the location and a brief description of the activity being documented and include any associated metadata (including the photo's GPS location where available).

3. Compliance with Procurement Requirements

The municipal attorney, chief legal officer or financial administrator of the municipality shall certify in writing to the Department that applicable provisions of General Municipal Law were fully complied with.

4. Project Components

The Contractor shall ensure the completion of the following tasks and submit products associated with each task:

Task 1: Project Initiation Meeting

The Contractor, the Department, and any partners responsible for managing the project, shall hold an initial meeting to review and agree upon the project scope and schedule, project requirements, roles and responsibilities, the selection process for procuring consultants, State Environmental Quality Review Act (SEQRA) compliance requirements, MWBE requirements, ADA requirements, the number of public meetings and techniques for public involvement proposed for the project, and any other information which would assist in project completion. In addition, the composition of a project advisory committee shall be discussed during the project initiation meeting. The Contractor, or a designated project partner, shall prepare and distribute to all project partners a brief meeting summary clearly indicating the agreements reached at the meeting. Work on subsequent tasks shall not proceed prior to Department approval of the proposed approach as outlined in the meeting summary.

Products: Project initiation meeting held with appropriate parties. Written meeting summary outlining agreements reached.

Task 2: Project Advisory Committee

Establish a project advisory committee to oversee all aspects of the project in cooperation with municipal officials and the project consultant(s), if applicable. The committee shall be representative of project stakeholders, including representatives of State and municipal agencies with jurisdiction over project activities or the project area, and non-governmental and community-based organizations. A draft list of proposed members shall be circulated to the Department for review and approval prior to establishment of the committee.

Products: Draft and final list of proposed members of project advisory committee. Project advisory committee established.

Task 3: Procurement of Consultant (if applicable)

Prepare a Request for Proposals (RFP) or similar instrument (if applicable) including a complete project description with site conditions, expected final results, a schedule for completion, MWBE requirements, and criteria for selecting a preferred proposal. Consultant services requested shall include all applicable tasks, activities and responsibilities outlined in the "Project Components" section of this work program.

The Contractor must actively solicit bids for contracts and subcontracts from qualified State certified MWBEs which can be identified using the NYS Directory of Certified Firms (<https://ny.newnycontracts.com/>). The Contractor must retain records of the procurement process including direct solicitation to MWBEs; results; and any actions that its subcontractors have taken toward meeting MWBE contract participation goals. To demonstrate good faith efforts to achieve MWBE contract goals the following should be retained:

- Evidence of outreach to MWBEs: mail, email, phone calls and follow-up;
- Written responses by MWBEs to the grantee/vendor's outreach;
- Copies of search(es) of the directory and advertisements for participation by MWBEs in appropriate general circulation, trade, and minority or women-oriented publications;
- Attendance at any pre-bid, pre-award, or other meetings, if any, scheduled by the grantee with MWBEs including dates and location;
- Description of how the scope of work maximizes opportunities for MWBE participation; and
- Description of how non-MWBE subcontractors' have engaged MWBEs to undertake part of the project's work or to procure equipment/ materials/supplies.

NYS Department of State requires a licensed professional engineer, architect or landscape architect licensed to practice in New York State for preparation and certification of final designs and construction documents, and for supervision of construction.

Submit the RFP or similar instrument to the Department for review and approval prior to release for solicitation of proposals.

Products: Approved RFP or similar instrument released through advertisement in local papers, the New York State Contract Reporter, or other appropriate means. Documentation of procurement including direct solicitation to MWBEs and actions taken toward meeting MWBE contract participation goals.

Task 4: Subcontract and Compliance with Local Procurement Requirements

Prepare the draft subcontract(s) to conduct project work with the selected consultant(s). The subcontract(s) shall contain a detailed work plan with adequate opportunity for review at appropriate stages of product completion, a payment schedule with payments tied to receipt of products, and project costs.

Incorporate the Department's comments on the subcontract work plan, or scope of services, prior to execution of the final subcontract(s).

The municipal attorney, chief legal officer or financial administrator of the municipality shall certify in writing to the Department that the Contractor fully complied with applicable provisions of General Municipal Law and with local procurement procedures. A procurement certification form will be supplied by the Department.

The Contractor's procurement record and consultant selection are subject to approval by the Department.

The Contractor remains responsible for the legal sufficiency of the subcontract in accordance with the requirements in the Master Grant Contract and Attachment A-1.

Products: Consultant(s) selected and approved by the Department. Executed subcontracts and written certification of compliance with procurement procedures.

Task 5: Project Advisory Committee Meetings

Hold a second project meeting with the consultant (if any) and Project Advisory Committee to review project requirements, site conditions, and roles and responsibilities; identify new information needs and next steps; and transfer any information which would assist in completion of the project.

The Project Advisory Committee shall meet regularly over the course of the project to guide project development and review findings and documents. Following each meeting, the Contractor, or its consultant(s) shall prepare and distribute a brief meeting summary including attendees, main topics discussed, decisions agreed upon by committee, and action items.

Products: Project Advisory Committee meetings. Written meeting summary of each meeting.

Task 6: Site Reconnaissance

Conduct site-specific reconnaissance, in preparation for design. Work may include, at a minimum, identification, analysis, and mapping of the following:

- Site survey showing extent of project boundary
- Ownership/grant/lease status of all lands to be incorporated into the design
- Manmade structures, buildings, or facilities on or adjacent to the site
- Above and below ground infrastructure, including stormwater treatment structures
- Transportation/circulation systems (truck, car, bus, ferry, train, pedestrian, bicycle, etc.) that serve or are located near the site
- Adjacent land and water uses
- Historic and archeological resources
- Soil and, as appropriate, core sampling to determine site stability
- Topography and hydrology
- Natural resources, including location of mature trees
- View corridors
- Zoning and other applicable designations
- Site constraints, needs, and opportunities

Products: Map(s) and written summary describing the above information and any other appropriate information identified during the project initiation meeting. Maps and relevant data and information, submitted in either ArcGIS format, or similar product acceptable to the Department.

Task 7: Schematic Designs and Alternatives Analysis

Prepare schematic designs and alternative analysis of the facility or facilities, considering and including a summary of the following, as applicable:

- Best management practices to be employed to avoid or reduce water quality impairments from upland runoff or in-water activities, and
- Impacts, if any, to state-designated Significant Coastal Fish and Wildlife Habitat areas, Scenic Areas of Statewide Significance, other Coastal Management Program special management areas, or other sensitive resources, and how those impacts should be avoided or mitigated.

In consultation with the Department and the project advisory committee, the Contractor shall select the preferred schematic design as the basis for final design and engineering/construction plans and specifications, or shall work with the consultant(s) to develop a final schematic design incorporating elements of, or building upon, the alternative schematic designs.

Products: Alternative analysis and preferred schematic designs.

Task 8: Public Meeting

Hold public information meeting to solicit public input on the schematic designs to assist in selecting a preferred alternative. A written summary of public input obtained at this meeting shall be prepared and provided to the Department for review and comment.

Products: Public information meeting held. Minutes/Summary of meeting prepared including any presentations or handouts.

Task 9: Permit Analysis and Pre-Permitting Meeting

Prepare an analysis of all federal, State, and local requirements for the selected schematic design alternative, such as necessary permits, reviews, and approvals. The analysis will include a written description of how requirements will be satisfied during development of the design. This analysis shall be submitted to appropriate project partners, permit review agencies, and the Department for review. A pre-permitting meeting with the Department and the identified federal, State, and local entities may be required to discuss revisions needed to satisfy regulatory requirements. The Contractor shall not work on developing final design prior to the Department approval of the permit analysis and Contractor response to comments from the pre-permitting meeting, if necessary.

Products: Written permit analysis. Pre-permitting meeting with identified entities. Contractor response to preliminary review comments by regulators.

Task 10: Design Development

Prepare draft and final designs based on the selected schematic design. The designs shall include all required maps, tables, data, written discussions, and other information identified in the contract and subcontract work plans and during the project initiation meeting. The designs shall be provided to the Department and the project advisory committee for review at least two weeks prior to the due date for comments. Department comments must be addressed to the satisfaction of the Department in subsequent revisions of the products and the final design.

Products: Draft and final designs and supporting materials.

Task 11: Certified Construction Documents

Prepare the final construction drawings, plans, specifications, and cost estimates. The final construction documents shall be provided to the Department and the project advisory committee for review at least two weeks prior to the due date for comments. Construction shall not commence prior to addressing the Department's comments. Final construction

documents must be certified by a licensed professional engineer, architect or landscape architect and the appropriate seal must be affixed to these documents.

Products: Final construction documents, certified by a licensed professional engineer, architect or landscape architect.

Task 12: Environmental Quality Review

Prepare all documents necessary to comply with the State Environmental Quality Review Act (SEQRA) through determination of significance. If the lead agency makes a positive declaration of environmental impact, the Contractor shall prepare a Draft Environmental Impact Statement, advertise it as available for public review and comment, and complete the SEQRA process.

Products: SEQRA documents

Task 13: Permits

Prepare the necessary permit or other approval applications and obtain the required permits or approvals from regulatory agencies. A pre-application meeting with the Department and the appropriate federal, state and local regulatory authorities may be required to discuss the necessary permit or other approval applications. Prior to filing, the Contractor or its consultant(s) shall submit all applications to the Department for review and comment.

Potential permitting and approval agencies include:

- federal agencies such as the United States Army Corps of Engineers; Federal Highway Administration; Federal Aviation Administration; Federal Communication Commission; Federal Energy Regulatory Commission.
- the Department, pursuant to the consistency provisions of the federal Coastal Zone Management Act;
- other New York State agencies such as the Department of Environmental Conservation; the Office of General Services pursuant to the Public Lands Law, or similar authorization to use or occupy State-owned lands or waters overlying those lands; the Office of Parks, Recreation, and Historic Preservation or the State Historic Preservation Officer; and potential authorizing regional agencies such as Port Authority; St. Lawrence Seaway; Canal Corporation; Metropolitan Transportation Authority; CSX railroad; Amtrak; Adirondack Park Agency; Hudson River-Black River Regulating District.
- agencies of a regional, county, city, town, village, or special purpose district, including: town boards, boards of trustees, or city councils; planning commissions, boards or departments; and/or building or health officials.

Demonstrate the project is in compliance with 6 NYCRR Part 502, "Floodplain Management Criteria For State Projects" by obtaining a floodplain development permit, if local regulations establish such requirements, or by submitting a signed certification, by an official authorized to enforce local floodplain management regulations, that the project complies with the requirements of the statute.

Products: All required permits and approvals received. Written certification of compliance with floodplain management regulations, if applicable.

Task 14: Bid Process and Selection of Construction Subcontractor

Prepare and distribute a bid invitation to select a construction subcontractor or subcontractors. The bid invitation shall require the respondents to demonstrate ability to satisfy any applicable MWBE requirements. Prior to distributing the bid invitation, the Contractor shall submit the bid invitation to the Department for review and comment.

Select the construction subcontractor(s) from the bid respondents and prepare a draft contract or contract(s). The Contractor must certify to the Department that applicable public bidding procedures of General Municipal Law were followed for the selection of all construction or other subcontractors.

The Contractor must actively solicit bids for contracts and subcontracts from qualified State certified MWBEs which can be identified using the NYS Directory of Certified Firms (<https://ny.newnycontracts.com/>). To demonstrate good faith efforts to achieve MWBE contract goals the following should be retained:

- Evidence of outreach to MWBEs: mail, email, phone calls and follow up;
- Written responses by MWBEs to the grantee/vendor's outreach;
- Copies of search(es) of the directory and advertisements for participation by MWBEs in appropriate general circulation, trade, and minority or women-oriented publications;
- Attendance at any pre-bid, pre-award, or other meetings, if any, scheduled by the grantee with MWBEs including dates and location;
- Description of how non-MWBE subcontractors' have engaged MWBEs to undertake part of the project's work or to procure equipment/ materials/supplies.

Submit the draft subcontract(s) to the Department for review and approval, and shall incorporate the Department's comments in the final subcontract(s). A copy of the final, executed subcontract(s) shall be submitted to the Department.

Products: Executed construction subcontract(s). Written certification of procurement procedures. Documentation of procurement including direct solicitation to MWBEs and actions taken toward meeting MWBE contract participation goals.

Task 15: Installation of Project Sign

Prior to the start of construction, install a sign satisfactory to the Department identifying the Department's funding of the project. The project sign shall remain in place for the useful life of the improvements undertaken. To assist communities in fulfilling this requirement, the Department has developed an attractive low-cost informational sign. A Sign Order Form is available upon request from the Department.

Products: Department-approved sign design, and photo-documentation that sign is installed in project area.

Task 16: Construction, Construction Management and Site Inspection

After receipt of all necessary permits, site preparation and construction work may begin according to the final design and construction documents. The Contractor or its subcontractor(s) shall notify the Department at regular intervals of work progress, including any delays which have occurred.

The Contractor, its consultant(s), and/or the Department shall verify progress and completion of the work through periodic site inspections. The Contractor or its consultant(s) shall submit to the Department written summaries of progress including photo documentation and identification of problems to be addressed based on periodic site inspections.

Products: Written summary of periodic site visits including photo-documentation (pre-construction, during construction, and once the project is completed) and identification of any problems that need to be addressed.

Task 17: Project Completion

Submit a statement that the work has been completed in accordance with the contract, the final design and construction specifications, and all permit requirements. The completion statement must be certified by a licensed professional engineer, architect, or landscape architect. The Contractor shall submit a set of as-built plans, certified by a licensed professional engineer, architect, or landscape architect. The Contractor shall submit photo-documentation in the form of digital images of the completed project. The Department will not reimburse the Contractor for payment to consultant(s) or subcontractor(s) until the Department concurs that the work is complete.

Products: Statement of completion, certified as-built plans, and photo-documentation (including the photo GPS location where available)

Task 18: MWBE Reporting

Comply with MWBE Reporting Requirements by completing the following actions:

- Submit Form C - Workforce Employment Utilization to report the actual work force utilized for this contract broken down by specified categories (every March 31, June 30, September 30 and December 31).
- Submit Form D - MWBE Utilization Plan to indicate any state-certified MWBE firms selected to work on this contract. Form D must be updated and submitted to the Department whenever changes to the selected MWBE firms occur (addition or removal).
- Record payments to MWBE subcontractors using DOS funds through the New York State Contract System (NYSCS).

Technical assistance for use of the NYSCS system can be obtained through the NYSCS website at <https://ny.newnycontracts.com> by clicking on the “Contact Us & Support” link.

Products: Ongoing reporting through NYSCS during the life of the contract. Form C submitted on a quarterly basis and Form D submitted as necessary.

Task 19: Project Status Reports

Submit project status reports semi-annually (every June 30 and December 31) on the form provided, including a description of the work accomplished, the status of all tasks in this work plan, schedule of completion of remaining tasks, and an explanation of any problems encountered.

Products: Completed project status reports submitted to the Department during the life of the contract.

Task 20: Final Project Summary Report and Measurable Results

Submit the Final Project Summary Report and Measurable Results electronically at: <https://forms.office.com/g/eZERFeEeKM>.

Products: Final Project Summary Report and Measurable Results submitted to the Department.

5. Project Responsibilities

The Contractor shall administer the grant, execute a contract with the Department, and ensure the completion of work in accordance with the approved Work Plan and budget.

The Contractor:

- will be responsible for conducting all project work in conformance with the Work Plan included in the executed contract with the Department.
- will be responsible for all project activities including drafting request for proposals and managing subcontracts with consultants and subconsultants.
- will certify to the Department that the procurement record for project consultants and subcontractors complies with the applicable provisions of General Municipal Law.
- will receive approval from the Department for any and all consultant subcontracts before beginning project work.
- will be responsible for submission of all products, M/WBE forms, and payment requests including backup documentation.
- will be responsible for coordinating participation and soliciting comments from local government personnel, project volunteers, and the public.
- will keep the Department informed of all important meetings for the duration of this contract.
- will receive approval from the Department before purchase of any equipment.
- will secure all necessary permits and perform all required environmental reviews.
- will ensure that all materials printed, constructed, and/or produced acknowledge the contributions of the Department to the project.
- will ensure that all products prepared as a part of this contract shall include the NYS Comptroller's contract # as indicated on the Face Page of this contract.
- will ensure the project objectives are being achieved.
- will ensure that comments received from the Department and the project advisory committee, or other advisory group, are satisfactorily responded to and reflected in subsequent work.
- will recognize that payments made to consultants or subcontractors covering work carried out or products produced prior to receiving approval from the Department will not be reimbursed unless and until the Department finds the work or products to be acceptable.

The Department:

- will review and approve or disapprove of subcontracts between the Contractor and consultant(s) and any other subcontractor(s).
- will participate in initial project initiation meeting and subsequent meetings that are important to the project.
- will review all draft and final products and provide comments as necessary to meet the objectives.
- must approve or disapprove any and all design, site plan, and preconstruction documents before construction may begin.
